AUTHORIZATION SETTING

Healthcare organizations using CAQH ProView require your authorization to access your self-reported and attested information to conduct processes, such as, credentialing, provider directory updates and claims processing. By selecting one of the authorization options below, you are granting these organizations access to your self-reported and attested information.

When a healthcare organization subscribes to your data, should CAQH automatically authorize access?

Yes. Release my data to any organization that requests access.

RECOMMENDED

No. Ask me to review each organization's request.

* I hereby authorize the release of my full set of CAQH ProView self-reported information as indicated above.

SAVE

Log-in to your provider CAQH account.

Go to the *Authorize* tab.

Choose to automatically allow insurers to access the provider's CAQH information.

To allow select plans access, click No and see the next page.
